

HL0226 LED Multi-function Headlamp

Perfect for upgrading existing lighting, or for new vehicles – the HL0226 features low beam head lighting and integrated directional indicator...

Key features

- Multi-function LED low-beam head light
- Features daytime running light and front position light in addition to directional indicator
- All lights are 100% LED, ensuring energy efficiency and durability
- Designed to operate in extreme environments and temperatures
- Bolt-on surface mounting with adjustable mounting bracket
- Fully E approved for road use
- IP67 protected
- Dual-voltage (10-48v)

Order code

HL0226-5-2-AA

**A durable and rugged front light,
with all necessary functions built
into one unit...**

Function information

Function	Wattage	LEDs	Approval(s)
Low beam headlight	14.5w	1	ECE R112, ECE R10
Daytime running lamp	8w	32	ECE R87, ECE R10
Directional indicator	3.5w	12	ECE R6, ECE R10
Front position	1w	32	ECE R7, ECE R10

Material information

The lamp is constructed from an aluminium alloy housing, with a glass internal lens and UV-stabilised polycarbonate outer lenses. This ensures reliability when operating between -40°C and +65°C.

Approval information

The lamp holds multiple E approvals. These cover the functions of the head light; directional indicator; daytime running lamp and position lighting, as well as electro-magnetic compatibility requirements. Further details of the ECE regulations that may apply to your vehicle or desired application are available on request.

Dimensional information

Size: 106 (w) x 189 (h) x 118 (d) mm

Cable length: 500mm
