Order code

BC100SZZ-5-2-AA – Clear lens
BC101SZZ-5-2-AA – Amber lens

OE quality compact and powerful LED warning beacons for use on any vehicle – on and off-road...

Specification information

Function	Wattage	LEDs	Approval(s)
Warning light	30w	30	ECE R65, ECE R10; CISPR 25 Class 3 (optional)

Wiring information

All functions are to be wired using a 12 or 24v source (+VDC), with the exception of the ground. The ground needs to be a reliable connection, such as directly to the vehicle chassis or battery connection.

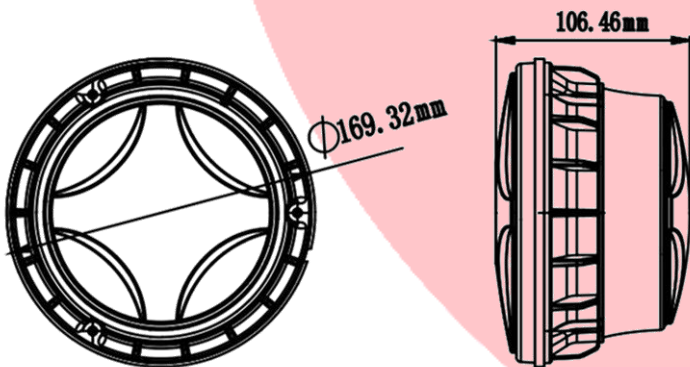

Approval information

The lamp holds multiple type approvals. These cover the light output and build quality, as well as electro-magnetic compatibility requirements. Further details of the ECE regulations that may apply to your vehicle or desired application are available on request.

Dimensional information

Size: 170 (m) x 107 (h) mm

Cable length: 350mm
