- ECE Regulation 10 and 65 approved
- CISPR 25 Class 3 approved (optional)
- IP69K protected
- Dual-voltage

Order code

BC102SMM-5-2-AA – Magnetic
BC102SPM-5-2-AA – Flexible Pole Mount
BC102SZZ-5-2-AA – Triple Bolt Mount

OE quality compact and powerful LED warning beacons for use on any vehicle – on and off-road...

Specification information

Function	Wattage	LEDs	Approval(s)
Warning light	30w	30	ECE R65, ECE R10; CISPR Class 3 (optional)

Wiring information

All functions are to be wired using a 12 or 24v source (+VDC), with the exception of the ground. The ground needs to be a reliable connection, such as directly to the vehicle chassis or battery connection.

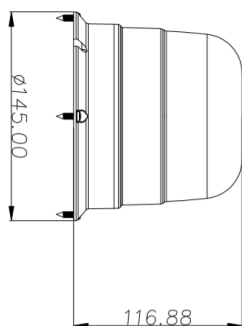

Approval information

The lamp holds two E approvals. These cover the light output and build quality, as well as electro-magnetic compatibility requirements. Further details of the ECE regulations that may apply to your vehicle or desired application are available on request.

Dimensional information

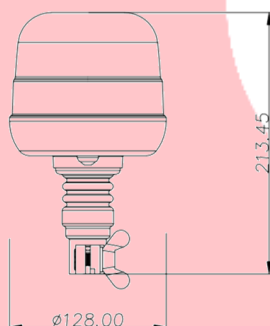

Bolt-on/magnetic beacon

145 (dia) x 117 (h) mm

DIN Pole mount beacon

128 (dia) x 213 (h) mm
